

JENISE BROWN, PARA PROFESSIONAL

Jenise Brown brings a broad business, legal, and mediation background to her position supporting clients with their bookkeeping needs. She grew up in Stuart, NE, has a degree in business and court reporting where she spent 20 years, then trained as a mediator and practiced for 10 years, before joining OFWF and expanding her business knowledge and skills.

Trust is very important to Jenise, and it is her goal to give clients peace of mind with their most important assets, their business, and allowing them time to focus on their business goals. With the support of OFWF's experienced CPA's, she provides that trust-worthy support.

Her first job is and always will be her family. She is married and has three grown children with growing families of their own. She has two step grandchildren and looks forward to more. In addition to spending time with family, Jenise loves traveling, reading and writing, long bike rides and is always on the lookout for new and different challenges. She completed a pilgrimage in Spain called the Camino and hiked over 230 miles in 11 days.
