

## DANIEL R. HOLT, PARTNER

Dan began his career at OFWF in 1976 as a college intern and continued with the firm after graduating that same year from Creighton University. He became a partner in 1983.

Born and raised in Galesburg, Illinois, along with four brothers and four sisters, Dan gained valuable experience from working in his father's family business while in high school and on breaks during college. Being involved with planning and executing a business plan was a great experience. Dan continues to work with a younger brother who succeeded his father after his retirement.

Dan is married with four adult married children and currently has two grandchildren. Dan and his wife Claudia enjoy traveling to visit their sons' and daughters' families as well as for gatherings with their many family members and friends.

Working directly with individuals and with various business entities, trusts and estates continues to be personally very rewarding.

Dan is a past member of his parish's finance committee and both he and his wife served on a parent advisory committee for a parochial high school.

**Achievements and Certifications:**  
CPA – Certified Public Accountant
