

GREGORY HARR, PARTNER

Gregory Harr interned with OFWF in 1975, joined the firm after graduating from Creighton University and in 1983 became a partner. Mr. Harr was born and raised in McCook, Nebraska and attended the McCook Junior College & Creighton University.

Mr. Harr is accredited in business valuation (2002) and a certified exit planning advisor (2016). According to the Exit Planning Institute, 66% of all privately held businesses will be changing hands during the next 10 years. Perhaps even more surprising is the fact that 80% of these transitions will be considered “failures” due to a lack of planning. It is Mr. Harr’s goal to make this process as smooth and prosperous as possible for his clients. His strategic approach to exit planning will help you: 1. Maximize your business’s market value; 2. Minimize the amount of taxes due; 3. Ensure that your personal goals are met.

In his free time, Mr. Harr likes to play golf and spends time with his family which includes his grandson Noah and his favorite quote is “ Keep the end in mind”- Stephen Covey.
